MEMORANDUM FOR: Distribution

SUBJECT: The Manpower Issue

1. Of all of the issues raised at the Senior Planning Conference, few received more comment than manpower. Specific concerns fell into two general categories: the utilization of the manpower that we have, and possible DCI assistance to Program Managers with their particular manpower problems. We are acutely aware of the specific limits of the DCI's authority with respect to manpower outside the CIAP, and hesitate recommending specific manpower related initiatives without first soliciting suggestions from the responsible Program Managers.

2. We should appreciate your comments on which manpower issues might be addressed at the Community level, together with suggestions for possible actions. Your responses should be sent to the IC Planning and Policy Staff by 10 February.
